

clariti[®] elite

Great value, high breathability and all-day comfort.

CooperVision[®]
Live Brightly.[®]

If you're looking for an affordable contact lens that'll keep you feeling good about your wallet and your eyes, look no further than CooperVision[®] clariti[®] elite contact lenses. They support your eye health with a built-in UV blocker* and a soft silicone hydrogel material that delivers 100% of the oxygen your eyes need.^{†1} clariti[®] elite contact lenses also help give you clear, crisp vision and a comfortable lens-wearing experience at a price that'll make you smile.

Features & Benefits

- Soft silicone hydrogel lens material with high breathability helps keep your eyes healthy.^{‡1}
- WetLoc[®] Technology and high water content help keep your contact lenses moist, supporting excellent all-day comfort.
- UV blocker helps protect your eyes against the transmission of ultraviolet rays, helping support your eye health.*

* Warning: UV-absorbing contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not completely cover the eye and surrounding area. Patients should continue to use UV-absorbing eyewear as directed.

† During daily wear.

‡ With higher oxygen delivery than hydrogel materials, SiHy contact Lenses minimise or eliminate hypoxia-related complications during daily lens wear.
